How to Find and Copy Your Wi-Fi Password on iPhone (iOS 18 2025)

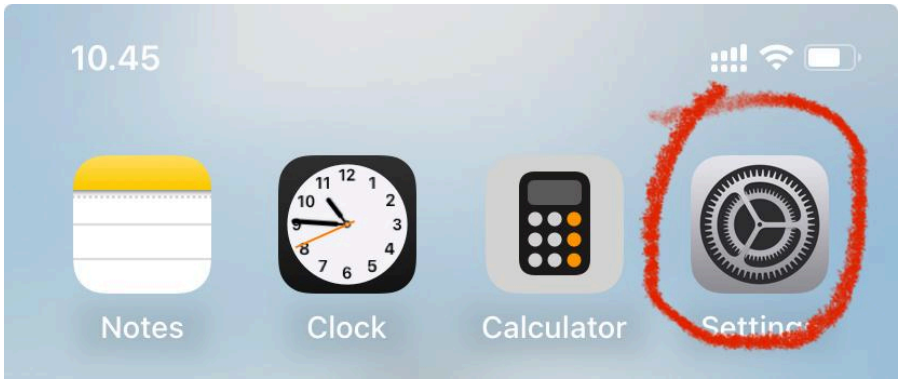
To find your Wi-Fi password, follow this easy guide. Once you copy it, you can paste it when asked during the pairing process.

📶 How to Find Your Wi-Fi Password on iPhone

If you're already connected to a Wi-Fi network and need to see the password (for example, to connect another device), just follow these steps.

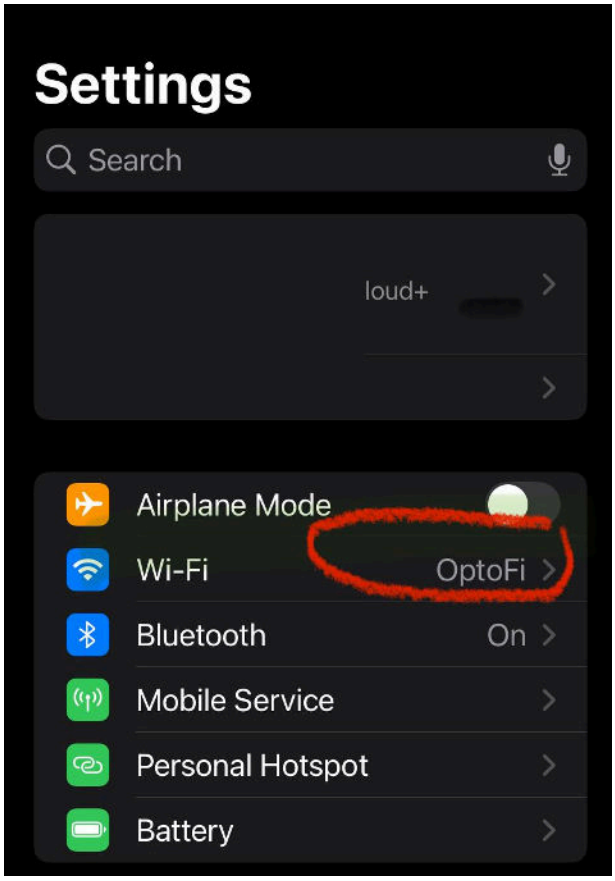
🟢 Step 1: Open Settings

Tap the **Settings** app on your iPhone.



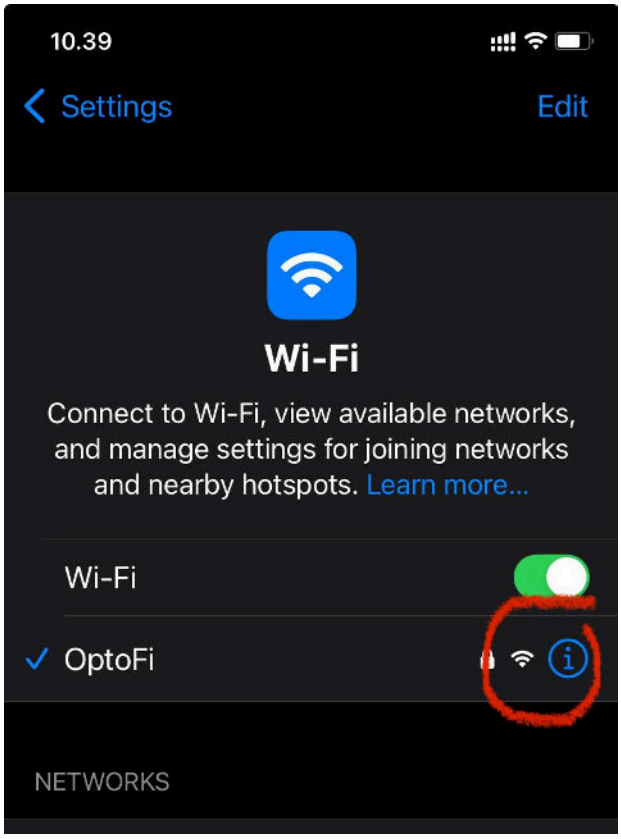
🟢 Step 2: Tap on Wi-Fi

You'll see the Wi-Fi network you're currently connected to at the top of the screen.



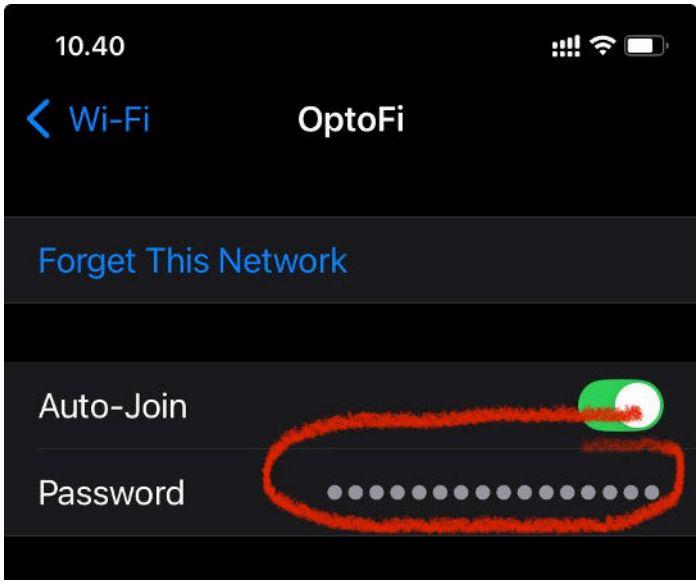
🟢 Step 3: Tap the ❓ "i" Button

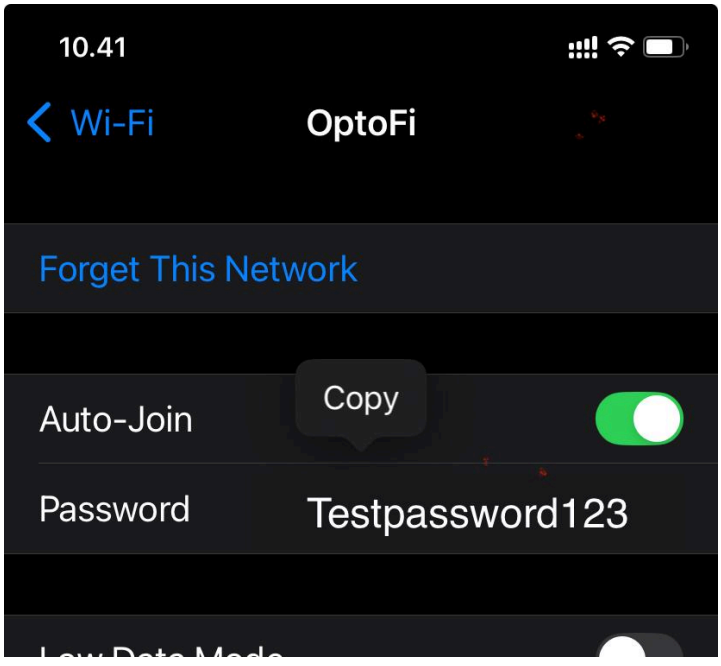
Next to the name of the connected Wi-Fi network, tap the **“i” inside a circle**.



🟢 Step 4: View the Password

Scroll down and tap **Password**.
You may be asked to use **Face ID**, **Touch ID**, or your **passcode**.



🟢 Step 5: Copy the Password


Once the password appears, **tap and hold it** to copy.
Now you can **paste it wherever needed**.
